POSTER PRESENTATION GUIDELINES

Conference Registration:

It is our policy that at least one author for each accepted poster must register for and attend the conference for their poster to be displayed.

Poster Dimensions:

Poster size should be equal to or smaller than 36 inches in height and 48 inches in width.

Poster Location and Set-Up:

A poster display board will be provided by the conference organizer. There will be two poster sessions (morning and afternoon). The assigned poster session can be found in the program. Each poster board will be marked with the poster title. Presenters must be in place 10 minutes before the session. It is the authors' responsibility to put up and remove their posters at the specified times. Delegates are required to stay with their poster.

Recommendations:

All posters must be written in English. Your poster should be self-explanatory and include key highlights for viewers to comprehend the scope of your work from the content of the poster.

We recommend that you:
1. Include the title, authors' names, and affiliations.
2. Avoid too much text in the poster.
3. Provide actionable and meaningful recommendations (for completed studies) and delineate expected contributions and implications (for studies in progress).
4. Provide your contact details (full name, e-mail, phone number, probably at the bottom right corner) for those that are interested.

Please note that you must prepare and bring any handouts with you if required.

Should you have any questions or need further information, feel free to contact Dr. Jooyeon Ha: jooyeon.ha@sjsu.edu or Dr. Chihyung "Michael" Ok: Michael.ok@temple.edu.

We greatly appreciate your participation!!
